

Dr. Schultz is an academically trained futurist with over thirty years of global foresight practice. She has designed futures research projects for NGOs, government agencies, and businesses. Recent clients include Competition Bureau Canada; the International Labour Organization; Nesta UK; UK's Financial Conduct Authority; Singapore's Risk Assessment and Horizon Scanning Centre; the Industrial Research Institute; and Pepsico. Wendy is a member of the Association of Professional Futurists and a Fellow of the World Futures Studies Federation. Her award-winning articles on futures research have been published in *Foresight*, *Futures*, the *Journal of Futures Studies*, *World Futures Review*, and *APF's Compass*

Formally trained in futures studies and public policy (MA, Ph.D., Political Futuristics, University of Hawaii at Manoa); over thirty years' experience in foresight research, planning, and facilitation in locales from Dubrovnik, Croatia to Pago Pago, American Samoa; futures and foresight projects include the futures of the global international LNG trade, sea-level rise and climate change, environmental futures, futures of philanthropy and volunteerism, food futures, and most recently futures of learning and education. Teaching experience includes four years visiting faculty with the MS program in Studies of the Future, University of Houston - Clear Lake. I am currently drafting a textbook on futures research methods.
